Secrets of the Moon

Distance versus time
Cutting verses down to size
Focus versus tears versus how did I get here
 Versus curses in your eyes
 Force of nature versus range
 Nature versus what is strange
There's a fire starting here versus there's nothing to fear
 Versus lonely versus safe
 Like a kitten versus rain
A cathedral versus love versus shame
 Free versus out to sea
Versus versus versus me, versus me
 Distance versus time
 Cutting verses down to size
Focus versus tears versus how did I get here
 Versus curses in your eyes
 Force of nature versus range
 Nature versus what is strange
There's a fire starting here versus there's nothing to fear
 Versus lonely versus safe
 Like a kitten versus rain
A cathedral versus love versus shame
 Free versus out to sea
Versus versus versus me, versus me
 Like a kitten versus rain
A cathedral versus love versus shame
 Free versus out to sea
Versus versus versus me, versus me
