

# Passion

## Embraze

Passion

We are going yeah

We are going babe You look so beautiful when you cry

You want to die whore Real me I say

That pulls you away I pray for you and I fuck you

I wanna fuck you all Don't you wanna know that I feel

Oh my passion and love

Give me your warmth, no matter

Your time is all I want Fuck me

Suck me

Hate me I wanna fuck you

Can you feel me
