

# Isn't It Wonderful

Ray Charles

Isn't it wonderful  
Just bein' in here together  
Isn't it wonderful  
Just bein' in here No need to worry, baby  
It's no need to hide  
Why should we hold back  
What we feel inside, baby Let's not wait any longer  
The night will soon be gone, won't it  
While we're talking, while we're talking  
We could be getting' on, girl So long I've waited  
To feel you again that's right  
A feeling so wonderful, oh Lord  
It's got to be a sin, listen to me Let's not wait any longer, baby  
The night will soon be gone  
You know what I mean?  
So while we're talking, while we're talking  
We could be getting it on, baby I'm glad you love me, baby  
And I'm so glad you are mine  
Do you hear me?  
I'm gonna love you, woman, yes I am  
Until the end of times, you got it? Let's not wait any longer, baby  
The night will soon be gone  
So while we're talking, little girl  
We could be gettin' it on, baby While we're talking, while we're talking  
Why can't we get it on?  
I'm tryin' to tell you something  
While we're talking, while we're talking  
We ought to be gettin' it on now Alright  
Let's not wait any longer, baby  
Yeah, the night will soon be gone on  
You got what I'm sayin'?  
While we're talking, while we're talking
