Stripclub

Money Boy

[**feat. Yung Joc**][Verse 1:]Let's turn each other on let's get into it
We can make love every hour
You already know what the business is
We gone switch it up let me see you grind
Play your favorite song
Girl dance to it the way you move it's like it's your profession
Slowly take it off girl come over here
Turn the music up my bedroom just became a stripclub
[Chorus:]Girl you're dancing so slow if you give me a lap dance
We'll be making love at my stripclub
We can do anything we want no restrictions baby I can touch
We can do it at my stripclub
No security guards it's just us
I hear you moaning while I'm beating it up
We can make love in my stripclub
On the bed from the back on the floor you on top missionary
Don't stop my stripclub
Take it off take it off take it off take it off stripclub oooow
[Verse 2:]Slowly take it off girl get into it remove everything
Except for your panties and your bra
But keep that booty bouncing
Nothing but sexing you is on my mind girl

You know what you're dealing with
Put scratches on my back when you reach that climax
No worries at all girl come over here
Turn the music up my bedroom just became a stripclub
[Chorus:]Girl you're dancing so slow if you give me a lap dance
We'll be making love at my stripclub
We can do anything we want, no restrictions baby I can touch
We can do it at my stripclub
No security guards it's just us
I hear you moaning while I'm beating it up
We can make love in my stripclub
On the bed from the back on the floor you on top missionary
Don't stop my stripclub
Take it off take it off take it off take it off stripclub oooow
[Rap: Yung Joc][Chorus:]Girl you're dancing so slow if you give me a lap dance
We'll be making love at my stripclub

We can do anything we want, no restrictions baby I can touch
We can do it at my stripclub
No security guards it's just us
I hear you moaning while I'm beating it up
We can make love in my stripclub
On the bed from the back on the floor you on top missionary
Don't stop my stripclub
Take it off take it off take it off take it off stripclub oooow
