The Pros

Queen Latifah

[Incomprehensible]I stepped into a basement party in Brooklyn
The brothers was looking as soon as I put a foot in
A female walked up to me and said, "Latifah bust a line"
I don't think you're on the strength, show me the timeI said, "If you really want to do this, we can do this, fine
Take six paces and begin to rhyme"
As soon as she attempted to make a sound
I ate her up with the verb, broke her down with the noun'Cause I hate it when someone challenges with me
But cannot balance with me
I get annoyed when they can't go blow for blow
I get pissed when I hear the lyrics a sucker bringsHa ha, I was thinking the same thing
Well, I was approached by a whole damn group of them
Rhyme fiends, biters, and bums
Took me kind of light, said they wanted to fight
I kinda got uptight, you didn't do what I think you did? Yeah, rightBash, went the first, smash, went the next one
What about the third, he started, he started to run
But to his surprise, his feet must have slipped
'Cause I snapped that neck before the second step
You see you may speculate, but everybody knows
Not one amateur can deal with the prosThese are the pros
Coming now from Queen Latifah and Daddy-O
And if you want to hear some more then just follow
If you like the smooth chanted lyrics then just say, "Bo bo bo bo"There was a time that a man could go
Anyplace, anywhere without a Rambo
But now me have to keep me pistol loaded with rhyme
Have to deal with bad breath biters that step out of line
So when they make a move them surely get a taste of it
I'm Daddy-O and I don't quitSo feel the flow, y'all, because you're under attack
From my rhymes, 'cause I'm writing swift rhymes in stacks
And four words to the wack, just stay the hell back
'Cause it's a fact if you're wack you ain't saying JackSo we can go rhyme for rhyme if you wish
But eating you suckers is my favorite dish
And I warned you suckers if you messed with me
You'll be the next ingredient in my recipeStart and don't finish, I'll hunt you down
And you can't run forever, so you'll be found
And with nowhere to run, and nowhere to hide
How you wanna be eaten, boy, baked or fried?These are the pros
Coming now from Queen Latifah and Daddy-O
And if you want to hear some more then just follow
If you like the smooth chanted lyrics then just say, "Bo bo bo bo"These are the pros

I flow just like a pro 'cause it's the same thing
Suckers have to realize how foolish they sound
So button your lips and stop trying to be downI caught you out there, how many times? A lot of times
'Cause when it comes to mine, you know I gotta rhyme
Stepping to the right, to the left
To the best place, well I have to faceA sucker like a pooh-butt, weak and soft
Riding my bra strap trying to get off
Understand and know, that if you want to go
You'd better be ready to flow 'cause I'm a proThese are the pros
