Reggae Got Soul

Toots and The Maytals

Reggae got soul
Got so much soul
Listen to the beat
Move your dancing feet
Rock your bodyline
Move in time/: You don't have to salute
While I'm passing through
Listen to the beat
Move your dancing feet
Rock your bodyline
Right in time
This reggae got soul
Got so much soul :/Grandmother can do it
Grandfather can do it
Do it and feel alright/: This reggae got soul
Got so much soul
Reggae got soul
For the young and old :/Makes me want to sing and dance and do all kinds of crazy things
When I listen to the music makes me want to shout Oh Glory Hallelujah
Makes me feel alright in the day or in the night
Ooh reggae got soul, reggae, reggae
Rock it to my bones, move me around
Reggae got soul, got so much soul
Al my life I feel so good
Come on baby, come have a dance with me
Reggae, reggae, reggae got soul.....
