

Karoline

Neko Case

Oh, the path you walk is on fire,
So wild and unashamed
With a passion you inspire
I'm gonna keep those men at bay
Cowgirl you've got that something
Of what all my dreams are made
So come on baby, just say the word,
I wanna be your slave Yoooooooo-ooooo-oooo-oooo-oooo.....
Oh the web you weave is so tender
I'm tangled by your gaze
And you know I need surrender
I never locked you in a cage
Cowgirl I've got that loving that puts all those men to shame
So come on baby, just say you will
Don't lay me in my grave Yoooooooo-ooooo-ooooo-oooo-oooo.....
Oh, the path you walk is on fire,
So wild and unashamed
With a passion you inspire
I'm gonna keep those men at bay
Cowgirl you've got that something
Of what all my dreams are made
So come on baby, just say the word,
I wanna be your slave Yoooooooooooooooooooooooooooo
Oh, miss Karoline
