

# Underneath My Skin

## In Flames

Waiting for miracles to appear  
All the heights I did aspire  
Seems forever gone  
A torn and shredded grin to fit the blackened day  
Shoveling the ashes from the times of selfish waysI'm taking more than I can give  
Is this the life I wanna live?  
The life I wanna live  
There's nothing underneath my skin  
Is this the life I wanna live?  
The life I wanna liveFalling like stars from the sky  
Burned out before the trial  
And are forever gone  
Kneel and pray to find the right way back inside  
Been to hell and back but still I feel I'm blindI'm taking more than I can give  
Is this the life I wanna live?  
The life I wanna live  
There's nothing underneath my skin  
Is this the life I wanna live?  
The life I wanna liveI'm taking more than I can give  
Is this the life I wanna live?  
The life I wanna live  
There's nothing underneath my skin  
Is this the life I wanna live?  
The life I wanna liveIs this the life I wanna live?  
Is this the life I wanna live?
