Think Twice

La Toya Jackson

Think; think you better think twice-
Better think, think think about it twice-
You better think about it twiceI dont know but before you hit the door
You better think about it twice
Oh yeahCause when you go
Theres no coming back for more
Cause I not going to be that nice
Oh oh no
(Better, quit your lies)
Saying that Im the only one
(Spending all your time)
With another have fun
(Told me that you care)
Dont you think its time show itWho is she?
(You better think, think, think, think twice)
Better think; think you better think twice-
Before you loose my love
(Better think; think think twice-)The game you play
You know I can do the same but Id just rather sacrifice
(Sacrifice for love)See Im the one; Im a one mans woman
Dont need no two timing man-
Oh oh no(Better quit your lies)
Saying that Im the only one
(Spending all your time)
With another have fun
(Typical advice)
Now Im the best youll ever have
(Just take a look and see)
Aint none quit as good as me-(Think; think you better think twice-)
Think about it twice, before you loose my love
(Better, think think) Hey (think about it twice-)
You better think about it twice(Think; think) Awebabe (you better think twice-)
Before you loose--
(Better think think) Hey (think about it twice-)
Think before you leave boy
There aint gonna be no coming backWhats the matter, whats the matter, whats the matter with you?
Whats the matter, whats the matter, whats the matter with you?
Whats the matter, whats the matter, whats the matter with you?
you better think about what you wanta do

Said I want your love to be all mine
So come on boy stop wasting time(Think; think) Think (you better think twice-)
Before you loose--
(Better think think) Think (think about it twice-)
Think think twiceThink before you leave boy
(Think think) Think think (you better think twice-)
Think think about it twice
Before you loose love--
(Better think think think about it twice-)
