

Shine On

Chris de Burgh

Shine on, brighter than the sun
Live for every moment
Before the moment's gone
We shine on, you and me tonight
Way across the universe
Burning like a fire in the night I was looking at a photograph
Taken in a garden long before the war
And out on the lawn
There were old men and dogs, and little children
All of them gone forever There were people by the waterside
Standing in the same place where I am today
Nothing has changed but you know
That time is moving like a river
It can only be love forever We shine on, brighter than the sun
Live for every moment
Before the moment's gone
We shine on, you and me tonight
Way across the universe
Burning like a fire in the night There are those who can never cross
The space between a father and a son
When they are young
We must say all the words that should be spoken
Before they are lost forever And I was looking at a photograph
Taken from a window way above the world
We've got to learn
We must leave here a garden for our children
When we are gone forever We shine on, brighter than the sun
Live for every moment, before the moment's gone
We shine on, you and me tonight
Way across the universe
Burning like a fire in the night (Shine on)
Leave here a garden for the children
(Shine on)
Leave here a new world
Leave here a garden for the children
(Shine on)
Leave here a new world Leave here a garden
(Shine on)
Leave here a new world

(Shine on) Leave here a garden for the children

(Shine on)

Leave here a new world

Leave here a garden for the children

(Shine on)

Leave here a new world
