

Pills

Denim Blue & Miclain Keith

If you get what you want, and I know that you will
I'm stuck in your head but I'm stuck in the pills
And you know what I want but I don't want it to spill
I'm stuck in my head but you're stuck in the pillsPoison
Below my mane
They all look the same
You say "Stay away"
Stay, stay, stay awayEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you sell it
The time is never how you get itEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you sell it
And time is never how you get itYou say that I won't, but you know that I will
I'm hating the cold but I'm loving the chill
And I guess in the end I'm still getting my fill
You're pouring a glass but I'm popping a pillPoison
Below my mane
They all look the same
You say "Stay awake"
Stay, stay, stay awakeEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you sell it
The time is never how you get itEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you sell it
And time is never how you get itI feel it, its off her skin
I feel it bottom in
We steal it, each song splits
And I need it, I need it
I feel it pumpin' through my veins
I feel it pumpin' through my veinsEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you sell it
And time is never how you get itEverybody hurts sometimes
Swallow your mind to feel alright
'Cuz time is never how you get it
And time is never how you get it
