

Hey Teacher

Louis XIV

You keep on telling me these pretty little lies
Well, Im just a man and want you instead of the drugs that get me high
You keep on telling me these pretty little lies
Well, I, Im just a man and want you instead of the drugs that get me high
Youre all around me like a freight elevator
You put things in me and say, "Ill see you later"
Every time I raise the courage up to talk
My teacher says go to the board with a piece of chalk
Ill never talk out of turn again in class
Will be alright if I see you tonight
But I feel like a bird in a cage
For you to notice me, well Id take out a knife
Suicide right on the stage
Im like a fish on a hook
Water splash into the brook
Well, teacher says shes twice my age
Hey, teacher could you ease my pain?
I can only watch you so long
I can only watch you so long, so long
You keep on telling me these pretty little lies
Well, Im just a man and want you instead of the drugs that get me high
You keep on telling me these pretty little lies
Well, I, Im just a man and want you instead of the drugs that get me high
Ill never talk out of turn again in class
Will be alright if I see you tonight
Well, I feel like a bird in a cage
For you to notice me, well Id take out a knife
Suicide right on the stage
Im like a fish on a hook
Water splash into the brook
Well, teacher says shes twice my age
Hey, teacher could you ease my pain?
I can only watch you so long
I can only watch you so long, so long
I can only watch you so long
I can only watch you so long, so long
Whos your teachers pet?
