

# Holy Day

## Kultur Shock

In the desert,  
On the mountain,  
In my village,  
Dervish dancing  
And I love you.  
Life is beautiful.

I love the Earth more than Allah  
I love you more than Earth  
Every day is Holly Day!  
Every day is Holly Day!  
Too young to go, but too proud to stay.  
I got to change, to transform,  
Letâ€™s dance one more  
  
What if my sin is forever?  
What if water cleans it never?  
But I love you.  
Life is beautiful.  
  
I love the Earth more than Allah  
I love you more than Earth  
Every day is Holly Day!  
Every day is Holly Day!  
Too young to go, but too proud to stay.  
I got to change, to transform.....

I believe in water,  
I believe in water,  
To wash my sin,  
To wash my sin.
