

# Forever as One

## Vengaboys

I wish I could turn back time  
I wish I'd never have to see that look in your eyes  
You really broke this heart of mine  
Now, it's time to realize it's forever goodbye  
So here I am all alone  
Don't understand where did we go wrong  
I can't stop cryin', can't take the pain  
Knowing you won't ever be back again  
And it cuts like a knife, I'm going insane  
Wishing you would show me love once again  
I'm losin' my mind but I have to carry on  
We were meant to be together forever as one  
So, this is where the story ends  
Gonna take some time to dry the tears in my eyes  
You told me we could still be friends  
Now, I know your promises were nothing but lies  
Still I am all alone  
Don't understand where did we go wrong  
I can't stop cryin', can't take the pain  
Knowing you won't ever be back again  
And it cuts like a knife, I'm going insane  
Wishing you would show me love once again  
I'm losin' my mind but I have to carry on  
We were meant to be together forever as one  
Cuts like a knife, I'm going insane  
Wishing you'd show me love once again  
Losin' my mind but I have to carry on  
We were meant to be together forever as one  
Meant to be together forever as one
