

Paper Plane (Live & Acoustic)

Status Quo

Riding on a big, white butterfly
I turned my face away towards the sky
Closed my eyes to look for something
Saw myself as really nothing Then I realized my butterfly
Wasn't really up there with me
We all make mistakes, forgive me
Would you like to ride my butterfly? Riding on a long blue paper plane
Getting seasick, sorry once again
Landing strip is getting nearer
Hope the fog lifts makes it clearer Then I realized my paper plane
Wasn't really up there with me
We all make mistakes, forgive me
Would you like to ride my paper plane? Riding in a three grand Deutche car
A to B is often very far
Home is near but such a long way
Legs and heads all feel the wrong way Then I realized my Deutche car
Is only there to get me somewhere
Even so I really do care
Would you like to ride my Deutche car?
