

# Fist Fucked

## Waco Jesus

Smashing her torso her legs are contorted  
the opening exposed crushing her pelvis  
the labia torn  
fluids and blood provide lubrication  
fisting I penetrate her vagina I violate  
fuck it forcing my fist up into her cavity  
stretching it out beyond its capacity  
violating every orifice  
take it all you fucking bitch  
lick my sack  
suck my dick  
swallow my cum  
eat my shit  
erotic and grotesque  
sick and perverted  
flaccid to erect my cock is inserted  
her cunt deformed  
stimulated I can't climax  
her pulse fading  
she defecates as I fuck her ass
