

# Island Girl

**Elton John**

I see your teeth flash, Jamaican honey, so sweet  
Down where Lexington cross 47th Street  
She's a big girl, she's standin' six foot three  
Turnin' tricks for the dudes in the big city  
Island girl, what you wantin' with the white man's world?  
Island girl, black boy wants you in his island world  
He wants to take you from the racket boss  
He wants to save you but the cause is lost  
Island girl, island girl, island girl  
Tell me what you're wantin' with the white man's world?  
Well, she's black as coal but she'll burn like a fire  
And she wraps herself around you like a well worn tire  
You feel her nail scratch your back just like a rake  
He one more gone, he one more John who made the mistake  
Island girl, what you wantin' with the white man's world?  
Island girl, black boy wants you in his island world  
He wants to take you from the racket boss  
He wants to save you but the cause is lost  
Island girl, island girl, island girl  
Tell me what you're wantin' with the white man's world?  
Island girl, what you wantin' with the white man's world?  
Island girl, black boy wants you in his island world  
He wants to take you from the racket boss  
He wants to save you but the cause is lost  
Island girl, island girl, island girl  
Tell me what you're wantin' with the white man?  
Tell me what you're wantin' with the white man?  
Tell me what you're wantin' with the white man?
