

Blue Lips

Regina Spektor

He stumbled into faith and thought, God this is all there is
The pictures in his mind arose and began to breathe
And all the Gods and all the worlds
Began colliding on a backdrop of blueBlue lips, blue veinsHe took a step but then felt tired, he said I'll rest a
little while
But when he tried to walk again he wasn't a child
And all the people hurried fast, real fast
And no one ever smiledBlue lips, blue veins
Blue, the color of our planet from far, far away
Blue lips, blue veins
Blue, the color of our planet from far, far awayHe stumbled into faith and thought, God this is all there is
The pictures in his mind arose and began to breathe
And no one saw and no one heard, they just followed lead
The pictures in his mind awoke and began to breedThey started out, beneath the knowledge tree
And they chopped it down to make white picket fences
And marching along the railroad tracks
They smile real wide for the camera lenses
They made it past the enemy lines
Just to become enslaved in the assembly linesBlue lips, blue veins
Blue, the color of our planet from far, far away
Blue lips, blue veins
Blue, the color of our planet from far, far awayBlue, the most human color
Blue, the most human color
Blue, the most human colorBlue lips, blue veins
Blue, the color of our planet from far, far away
