

# Wish Away

[Rick Astley](#)

When you feel  
Your day has turned  
And life gets in your face  
When you feel  
All light has gone  
And darkness fills your space  
Who do you turn to  
Who do you call  
To find the love you need  
Before you found love  
Before you fall  
Turn to me  
Turn to me 'Cause I see stars shining  
Like a wish for every one of us  
I see silver linings everyday  
I see stars shining  
A wish to grant us a miracle  
There are billions of stars  
In our Milky Way  
So wish away When you try your very best  
But chances slip away  
And the heart beating in your chest  
Is broken for the day  
Who do you turn to  
Who do you call  
To find the love you need  
Before you've found love  
Before you fall  
Turn to me  
Turn to me 'Cause I see stars shining  
A wish for every one of us  
I see silver linings every day  
I see stars shining  
A wish to grant us a miracle  
There are billions of stars in our Milky Way  
So wish away Now I've been low  
So very low  
And I've had no place to go  
And it felt like diamonds slipping through my hands

And I've been down  
So very down  
And I've been lost around this town  
Sometimes  
No one understands But I see stars shining  
A wish for every one of us  
I see silver linings every day  
I see stars shining  
A wish to grant us a miracle  
There are billions of stars in our Milky Way  
So wish away End
