

You're Here

Francesca Battistelli

Hold on now, I gotta take a deep breath
I don't know what to say when I look in your eyes
You made the world before I was born
Here I am holding you in my arms tonight
Noel, noel, Jesus our Emmanuel

You're here, i'm holding you so near
I'm staring into the face of my saviour, king and creator
You could've left us on our own, but you're here
Don't know how long i'm gonna have you for
But i'll be watching when you change the world
I Look at your hand, they're still so small
Someday you're going to stretch them out and save us all
Noel, noel, God with us Emmanuel

You're here, i'm holding you so near
I'm staring into the face of my saviour, king and creator
They could've left us on our own, but you're here you're here
Someday i'm gonna look back on this
The night that god became a baby boy
Someday you're gonna go home again,
But you leave your spirit and flood the world with joy

You'd be here, i'm holding you so near
I'm staring into the face of my saviour, king and creator
They could've left me on my own, but you're here you're here
Hallelujah you're here hallelujah
You're here
