

I Can't Win For Losin' You

[Earl Thomas Conley](#)

Hey, how have you been?
Good to see you again
Gee, it's been a long time
How's that new man
Momma and Dad
Since I told you goodbye? Now I'm still the same
Still raisin' Cain
Nobody's worried 'bout me
I come and I go, just as I please
Since I set myself free But I can't win for losin' you
I just can't get over you
Bein' footloose and fancy free
Ain't all it's cracked up to be And the grass ain't no greener
Here on the other side
I might win a heart or two
But I can't win for losin' you Well I'm on my way, there's so much to say
Lord knows that I've had my time
But girl, you can bet I'll never forget
When you used to be mine But I can't win for losin' you
I just can't get over you
Bein' footloose and fancy free
Ain't all it's cracked up to be And the grass ain't no greener
Here on the other side
I might win a heart or two
But I can't win for losin' you No I can't win for losin' you
I just can't get over you
Bein' footloose and fancy free
