

My Knees

Ambrosia Parsley

Is is true, is she really after me
Does she telling me what to do
Telling me what to do while I'm asleepAm I like you
 My hands
 My mouth
 My kneesWhat to do
Hey, you think she'll get to me
 And not stop 'till I'm through
Not stop 'till my head is through the wallAm I like you
 My hands
 My mouth
 My knees
Nothing new, me, you, we'll never say it
 Won't stop 'till we're through
 That we won't stop 'till we're through
 Won't stop 'till there's nothing left at all
Oh no, copy paste again, I'm always on the run forever
 Am I like you
 My hands
 My mouth
 My knees
