

Charlie's out of Prison

Warrior Soul

In Detroit, there's a man
He's in charge of the action
Put a gun in your face
And he gets a reaction Has a beeper and a car
I was his driver
Running drugs across the country
I was the survivor I'm innocent of anything
I'm innocent but he's coming Charlie's out of prison
Charlie's out of prison
Charlie's out of prison In Detroit, they make guns
Lot's a cars, lot's a criminals
You get big, you get hard
But you don't get too successful Small time world
Small time racket
Push yourself to the brink
Just to sell another packet I'm innocent of anything
I'm innocent but he's coming Charlie's out of prison
Charlie's out of prison
Charlie's out of prison
Charlie's out of prison Broke doors, broke windows
Broken reasons of my mind
Weakened by, desperation
The seduction of crime Meaning of death, means nothing
When you need to survive
Caught believing in my life
A flash in eternal time Yeah, yeah
Charlie's out of prison
