

Rose Of The Devil's Garden (Album Version)

Tiger Army

There is a rose in the Devil's garden
In shadow it grows alone
Many things are dangerous now
In this garden we call home Be careful as you make your way
Some things are poison to the touch
You've spent your life living in this place now
You long to run away so much My love it is a black rose (my love it is a black rose)
Held out to you by hand of fate (held by the hand of fate now)
And as this dark romance grows
It's not from the sun, but the starlight that's so far away
Above the Devil's garden The fertile soil of poisoned hearts
Fed by tears and nighttime rain
Under Transylvanian moon
Grows a flower of death and pain Death is pure-life is not
So ask yourself, what do you want?
As for me, well I want you
So pick the black rose, let its thorns cut you My love it is a black rose (my love it is a black rose)
Held out to you by hand of fate (held by the hand of fate now)
And as this dark romance grows
It's not from the sun, but the starlight that's so far away
Above the Devil's garden..
