Feel Your Body

Michael Mind Project

What about all the memories in our minds
About the days when we stucked together
What about all the moments left behind
When before let's go everWhere there I can feel your body
I can bring your soul
Baby I want you to love me
Like you did before
I let myself goThis is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy backRight here right there
Party open here
Right here right there
Party open thereI let myself ..
Go go go ohohoh (x4)This is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy backRight here right there
Party open here
Right here right there
Party open hereWhat about all the memories in our minds
About the days when we stucked together
What about all the moments left behind
When before let's go everWhere there I can feel your body
I can bring your soul
Baby I want you to love me
Like you did before
I let myself goThis is the sex always
All the girls sexy say yes
Just right here sex or sex
Sunshine on the sexy backRight here right there
Party open here
Right here right there
Party open hereI let myself ..
Go go go ohohoh (x4)I let myself go
