Watching in Silence

Circle II Circle

Don't know why I feel
This way every night
Somehow lost my way
On this timeless flight All these feelings I keep locked up insideI've pulled and twisted all those strings
And tried to mend these broken wings
Still inside the night I fly onI'm moving on
I'm moving on
Watching in silence
Watching in silence again
Keep pushing on
I keep pushing on
Watching in silence
Inside the night as
All of the world
Is asleepSee me as I fly
So high in the night
All these feelings surround
This new gift of life
With these wings I'll fly
So high in the skyI'll watch the world
As it goes down
It's buildings crumbled to the ground
The panic-ridden streets
Will cry onI'm moving on
I'm moving on
Watching in silence
Watching in silence again
Keep pushing on
I keep pushing on
Watching in silence
Inside the night as
All of the world
Is asleepYou're feeling free
Apart from reality
All you do is run awayI'm falling from a hole in the sky
Once again don't know if I'll survive
Every second falling closer to the end
Broken wings of destiny
Spiral down againYou can feel the wind

Against your face
You cannot move
You're caught in placeI'm moving on
I'm moving on
Watching in silence
Watching in silence again
Keep pushing on
I keep pushing on
Watching in silence
Inside the night as
All of the world
Is asleep
