

# I Must Be Doing Something Right

## The Knickerbockers

I can see it by the way you look at me  
It gives you away 'cause it's me you only see  
You seem to come to life when I hold your hand  
And you're wishin' it will never end  
I don't know what I've done to make you feel this way  
'Cause you're the first girl that ever wanted to stay I must be doin' something right  
I must be doin' something right  
I can see the light  
I'm doin' something right  
'Cause you're in love with me I must be doin' something right 'cause  
You're giving me a love so true, and  
I love you too  
You say the world looks good when I'm by your side  
Wherever I go you'll go because I'm your guide I must be doin' something right  
I must be doin' something right  
I can see the light  
I'm doin' something right  
'Cause you're in love with me I must be doin' something right 'cause  
You're giving me a love so true, and  
I love you too I can see it by the way you look at me  
It gives you away 'cause it's me you only see  
You seem to come to life when I hold your hand  
And you're wishin' it will never end  
I don't know what I've done to make you feel this way  
'Cause you're the first girl that ever wanted to stay  
I must be doin' something right  
I must be doin' something right  
I can see the light  
I'm doin' something right  
'Cause you're in love with me I must be doin' something right  
I must be doin' something right
