# Without a Face

## Luluc

Paint a picture play around
Look at us, we're upside down
Dazzling colors fill the page
Who could guess you are your age?
All the rooms are out of place
There's me without a faceOh you like to write about it
In your prettiest disguiseWhat a big smile, what a frown
You're dancing and jumping like a clown
You choose the best string to pull on
Then we move about to your song
Maybe fall down to your knees
In a world of make believeOh you like to pine about it
So incensed, so enraged
Your words fall down like water
Spilling off the pageOh ho ho ho ho
Oh ho ho ho hoOh you like to pine about it
In your prettiest disguise
And words fall down like water
Spilling from your eyes
