Turn Me On

Lisa Stansfield

(l. stansfield/i.devaney/a. morris)Should I reveal what I'm feeling
Should I look into your eyes
Or should I just grab you and pull you to me
Should I should I should i
Do I pretend I don't notice
When really I'm shaking inside
Do I believe you're the only one
Do I do I do iChorus:
You turn me on
You turn me on baby
You turn me on
Do I do I do i
Oohooh yeah
Oohooh yeahI feel every nerve in my body
Getting sensitiveCome on my darling and make me sweat
'cos I 'cos I 'cos I want you toChorusShould I take hold of your body
And touch you the way that I want
Should I make sweet sweet sweet love to you
Should I should I should iYou turn me on
You turn me on baby
You turn me on
Do I do I do i
