

# Un Dernier Verre (Pour la Route)

## Beirut

Advisory - the following lyrics contain explicit language:

Come sit at the table  
Under October's able skies  
Once we'd seen eye to eye  
I'd known that I'd pass you by, and I triedThe bells chime seven times  
Completed at nine  
The world moves slower, I findNo, but I learned of time  
By your hands  
And in shallow waters' end  
I learned not to swim but to lieI'll wait for now  
'Til it's ready to burn out  
I insist on doubts  
We're already lying on the glass, the glass
