

Skin

Sixx:a.m.

Paint yourself a picture
Of what you wish you looked like
Maybe then they just might
Feel an ounce of your pain

Come into focus
Step out of the shadows
It's a losing battle
There's no need to be ashamed

Cause they don't even know you
All they see is scars
They don't see the angel
Living in your heart

Let them find the real you
Buried deep within
Let them know with all you've got
That you are not your skin

Oh [X2]

When they start to judge you
Show them your true colors
And do onto others
As you'd have done to you

Just rise above this
Kill them with your kindness
Ignorance is blindness
They're the ones that stand to lose

'Cause they don't even know you
All they see is scars
They don't see the angel
Living in your heart

Let them find the real you
Buried deep within
Let them know with all you got

That you are not your skin

OHHHHHHHHHHH

Well they don't even know you

All they see is scars

They don't see the angel

Living in your heart

Let them find the real you

Buried deep within

Let them know with all you've got

That you are not

That you are not your skin

Oh [X2]
