Leave With Nothin'

The Answer

I'm turning my back on wasted ground
There's a hunger at my door
I got better things to do than make you proud
And I know that I want more
I can see it in your eyes,
There's a lot you need to know
It should came as no surprise,
There's a distance I have left to goNo I don't mind, if I leave with nothing
No I don't mind
And if I leave with nothing, I don't mind at all
No I ever thought I'd find a life like this,
It's a circus everyday
So cover my in my electric bliss,
Is there any other way?
Can I hear you cry
You're never gonna die
So tell the truth what you see,
Is nothing you think I'm born to be
It's isn't much, the price I pay,
Maybe you'll understand some dayNo I don't mind, if I leave with nothing
No I don't mind
There's a whistle gonna blow,
Telling me all I need to know
And if I leave with nothing,
I don't mind at all...
I don't mind at all
Listen
How many people pass the test,
How can they know what I possess in my heartGive them an inch, they'll take a lot,
Tell you they worked for what they got
Feed you another pack lies,
Think they've the right to criticise...
My life... styleNo I don't mind, if I leave with nothing
No I don't mind
Gonna run before I crawl,
Cause I was never born to fall
And if I leave with nothing,
I don't mind at all...
Aghhh... I don't mind at all

Aghhh... No I really don't mind,
Do you?
