Blood & Lies

Battlecross

To the poor man and to the ones with their broken lives
As your eyes swell with tears of the memories that they have stolen away
When you can't see the truth because it's covered in so much blood and liesThe ones with power want your obedience
They want the conquered people that have nothing left
With eyes to see you weep uncontrollably
From womb to tomb you're just a commodity for them to controlSuffer rotting away
Forced to suffer
You can't break away
From their oppressing reign
Tear down the system and tear down the idols
That they have overthown worshipped and cloned
The ones who rule created the conspiracy
Control-divide-excised from all reality
To reach a point of complete dependency
From cradle to grave you're just a worthless piece of meat to slaughter and eat
Suffer rotting away
Forced to suffer
You can't break away
From their oppressing reignSuffer rotting away
