Don't Mess With Me

Brody Dalle

Here they coming with their guns, guns, guns
Singin "Ooh, stick em up!"
Here they coming with their guns, guns, guns
Singin "Ooh, stick em up!"You don't wanna, don't wanna
Don't wanna mess with meHere they coming with their guns, guns, guns
Singin "Ooh, stick em up!"
They really think I'm gonna run, run, run
They really think I'm gonna run, run, runDon't wanna, don't wanna
Don't wanna mess with meDon't wanna, don't wanna
Don't wanna mess with me
Don't mess with meI got the feeling I can break
Out of anything that is standing in my way
You're the reason I can stay
And fight until the death
'Cause what I stand for will not give upHere they coming with their guns, guns, guns, guns
Singin "Ooh, stick em up!"
You really think I'm gonna run, run, run, run
I'm NEVER giving upDon't wanna, don't wanna
Don't wanna mess with me
You don't wanna, don't wanna
Don't wanna mess with me
Don't mess with meI got the feeling I can break
Out of anything that is standing in my way
I know the feeling I can take
The pain of losing teeth it's better than defeatI got the feeling I can let go
Because it means that much to me to show you so
You're the reason I can stay
And fight until the death
'Cause what I stand for will not give upI got the feeling I can break
Out of anything that is standing in my way
I know the feeling I can take
The pain of losing teeth it's better than defeatI got the feeling I can let go
Because it means that much to me to show you so
You're the reason I can stay
And fight until the death
'Cause what I stand for will not give up
