

# Killing Zone

[Rancid](#)

Drop bombs, You're gonna be warned  
You're gonna be scorned, You're gonna be torn  
There's a storm hittin' your home, not a false alarm but a real one  
Can't trick it, let's wake up, can't stick it, pick it lines striking  
If you like it, don't fight it, just hold it, then want it Head straight to the killing zone, Now the war's on  
Head straight to the killing zone, now the war's on, holes in the ozone, we're all gone  
Head straight to the killing zone, Now the war's on  
Head straight to the killing zone, now the war's on, holes in the ozone, we're all gone All the nights of constant  
run, if you're the one, well now you're bombed  
Sail on, Mr. Dumb One, you got a shot gun, hit the marksmen  
Complex thoughts here, he don't live here, keep the war there, just to control there  
Without a care here, you should just see there  
Start a war there, cross the boarders Head straight to the killing zone, Now the war's on  
Head straight to the killing zone, now the war's on, holes in the ozone, we're all gone  
Head straight to the killing zone, Now the war's on  
Head straight to the killing zone, now the war's on, holes in the ozone, we're all gone
