

Victory

Kierra "kiki" Sheard

I want it
Ohh, I'm not even gonna lie
I want it
It's in every day dream every sigh
I want it
Even if it makes me cry
I want it
I've got to have it or I'll die
I want it
Does your family even care?
I want it
Ohh, did they tell you I'd be there?
I want it
I've gotta get this for my team
I want it
Just tell yourself this was my dream

Victoryyyyyyy, I can smell it in the air
In my mind it's surrounds me everywhere,
But what a wondrous occasion, this could be
In fact I know it will, cause this is my victoryyyyyyyyyyy

I want it
This is something you can't buy
I want it
Ohh don't you get it nothing else will satisfy?
I want it
Even worse than someone that would lie
I want it
But only a champion would qualify
I want it
Oh to be in the books of history
I want it
Oh look page one hundred, this is me
I want it
They'll say I changed things officially
I want it
And so these were the words to my speech

Victoryyyyyyy, I can smell it in the air, in the air
In my mind it's surrounds me everywhere, everywhere
But what a wondrous occasion, this could be, this will be
In fact I know it will, I know it will
'Cause this is my victoryyyyyyyyyyy

Oh, the limit's the skyyyyyyyyyyy!
The limit is the skyyyyyyyyyyy! [Repeat x3]
It's the sky
The limit is the sky
Ahhhhhhhh! Don't you be afraid!
Skyyyyyyyyyyy!
The limit is the skyyyyyyyyyyy! [Repeat x3]
Go for it, go forth and try
The limit is, the sky
Good luck
