Artifice

S O H N

Is it over?
Did it end while I was gone?
'Cause my shoulders
Couldn't hold that weight for long
And it all just feels the sameSomebody better let me know my name
Before I give myself away
Somebody better show me how I feel
'Cause I know I'm not at the wheelIs it over?
Did it last or come undone?
'Cause I told ya
I didn't wanna hurt no one
But the faces are all the sameSomebody better let me know my name
Before I give myself away
Somebody better show me how I feel
'Cause I know I'm not at the wheelSomebody better let me know my name
Before I give myself away
Somebody better show me how I feel
'Cause I know I'm not at the wheelSomebody better let me know my name
Before I give myself away
Somebody better show me how I feel
'Cause I know I'm not at the wheel
