

# What I Know

## Grouplove

I give you this you give it back  
I tossed a quarter right on the track  
Is this for real or is it wack  
I get the feeling the feeling that  
Something And it doesn't matter where I live  
After a while I want to split  
This special is twice as nice  
I fall asleep Something What I know that wasn't my parade  
What I know  
Well I don't care  
I don't know Less is more I know that's true It's nice to know you're not alone What I know that wasn't mine  
What I know  
Well I don't care  
I don't know lonely night lonely ride  
hard burning sun Woah Something What I know I learned  
I don't know it's all  
I don't care  
I don't know What I know  
I don't know it's all  
I don't care  
I don't know
