Nikki Oh Nikki

John Vanderslice

You know that guy
Who stole your girlfriend
Away from you in the summer of '95
He's going to dieYou know her name
Sits in your brain like a tumor
Eyes still shine in your memory
She's going to dieWell, you can carry that grudge
Or you can let it go
But as sure as I'm singing this song, you know
She's going to die, she's going to dieFive'll get you ten so just let it go
That she and he and I will hear the final chord
Just let it go, let it go, we're going to die
