

# High Hopes

## Ancara

My hopes are high  
But my eyes can't believe what they see, no  
    Oh, give me something to believe  
    Give me something to believe  
    Oh, I've got lucky in life and had plenty to eat  
    And I saw this world as one big pool of opportunity  
        Oh but there's too much mind corruption  
        Too little remedy or that's how it seems to me  
    Yeah, we need a moral education to set the young minds free  
    So let us change what we can and accept what we can't  
    And impart some of the wisdom from that tried and tested man  
        Oh, there's no harm in being wrong, you know, no  
        In fact to me, it's common ground, yeah  
        So take that feather from you cap, sir  
        And pass that feather around  
    My hopes are high  
    But my eyes can't believe what they see  
        Oh, give me something to believe in  
        Give me something to believe, yeah  
        Oh, my hopes are high  
    But my eyes can't believe what they see  
        Oh, my hopes are high  
        Oh, give me something  
        Give me something to believe
