Me Too

Paul Serrano

If you're lyin' in bed, you can't sleep
You try readin' books, you try countin' sheep, ooh ooh, me too
If you're losin' your case, burnin' your toast
You're pourin' hot coffee on your Cheerios, ooh ooh, me tooNow don't worry baby, it's all right
You're just a little preoccupied
Somethin's got a hold and it won't let loose
I know exactly what you're goin' through
Do you feel like you're fallin' in love? Me tooNow have you got a queasy feelin' deep inside
It hurts just a little but it feels kinda nice, ooh ooh, me too
You say, you sit for hours by the telephone
You even jump in the shower with your underwear on, ooh ooh, me tooNow don't worry baby, it's all right
You're just a little preoccupied
Somethin's got a hold and it won't let loose
I know exactly what you're goin' through
Do you feel like you're fallin' in love? Me tooDo you find yourself listenin' to the mushy love songs?
Are you likin' what they're sayin'? Are you singin' along?
Do you feel like you've fallen in love?
Do you feel like you've fallen in love?
Do you feel like you've fallen in love? Me too, oh, me tooMe too, baby
