

Long Live

Atreyu

[Intro: Alex Varkatzas]

Go! [Verse 1: Alex Varkatzas]

We say this means forever
Can't cut the chord and walk away
No special ceremonies
Seeking their approval, no not today
We're not gonna hear it
You're full of shit

Our desires burning brightly
We're still hungry getting after it [Chorus: Brandon Saller & (Alex Varkatzas)]

A symbol of promise and of light
When we were wandering lost in the dark
Somehow we'll make it through the pain
(Rise back up when we fall down, we'll fight)
Our bond is forever lasting

(Forever lasting) [Verse 2: Alex Varkatzas]

Smash, move
Go stamp your feet
To the sound of our eclectic heartbeats
Dance, push
Rage, feel the heat

Kill the background music [Chorus: Brandon Saller & (Alex Varkatzas)]

A symbol of promise and of light
When we were wandering lost in the dark
Somehow we'll make it through the pain
(Rise back up when we fall down, we'll fight)
Our bond is forever lasting [Bridge: Alex Varkatzas]

The past is the past
What has been done is set to stone
The future is all we have
We are the ones who set the tone
And if I should fall
The ground won't touch me at all
We're up in arms
Side by side

Linked in our souls Our bond is forever
Our bond is forever [Chorus: Brandon Saller & (Alex Varkatzas)]

A symbol of promise and of light
When we were wandering lost in the dark

Somehow we'll make it through the pain
(Rise back up when we fall down, we'll fight)
Our bond is forever lasting[Outro]
Our bond is forever lasting
Our bond is forever lasting
