

Lonelier Are Fools

The Three Degrees

I left a guy not far behind
Patched upon a dream in my mind
Sweet lines of worship was my game
Made his love come easy
I cannot sustain
I walked away just looking down
Searching all alone

Lonelier are fools (lonely, lonely)
Just because they know, but never try to change it
(never try to change)
Lonelier are fools
Just because they know

No time to ponder where I've been
When he came, my heart give in
Sweet words of magic was my game
Cast a spell within me
I could never change
He gave me fragments of my past
Now I'm quite alone

Lonelier are fools (lonely, lonely)
Just because they know, but never try to change it
Ohhhhh, oo-oo-oo (lonelier are fools)
Lonely are fools
Just because they know

Oo-oo-oo-oo-oo-oo

(Lonelier are fools) Lonely are fools
Just because they know, they never try to change it
Lonelier are fools, oo
Just because they know, oh-oh

Lonelier are fools (oo-oo, oo-oo)
Just because they know, they never try to change it
(Lonelier are fools) So lonely are fools
Just because they know, oh-oh

Lonelier are fools
So lonely are fools
Just because they know, they never try to change it
So lonely, so lonely, so lonely are fools
Just because they know....
