You Don't Even Know (feat. Tay Walker)

The Internet

You're beautiful
You brighten up my day
And when your skin touches mine
I get goosebumps right awayBut you don't even know
Don't even know, know
I said you don't even know
Don't even know, know (said you don't even know)As usual
I love your embrace
I'm a fiend for your attention
Yes I am babyBut you don't even know
Don't even know, know
I said you don't even know
Don't even know, know (said you don't even know)You have no idea (said you don't even know)But you don't even know
Don't even know, know
I said you don't even know
Don't even know, know (said you don't even know)If you only knew
How I look at you
You'd call me crazy
But maybe it's you who
Who hasn't a clueAnd you should already know
Already know, already know
Said you should
Already know
Already know, already knowYou're the reason
I'm singing this song
When I say that
You're the beat in my heart, babyAnd you should already know
Already know, already know
Said you should
Already know
Already know, already knowYou have no idea (said you don't even know)But you don't even know
Don't even know, know
I said you don't even know
Don't even know, know (said you don't even know)You don't even know
You have no idea
You don't even know
You have no ideaYou don't even know
You have no idea

You don't even know
You have no ideaYou don't even know
You don't even know
You don't even know
You don't even know, know,know
You don't even know, know,know
You don't even know, know,know
Yeah
You don't even know
You don't even know
