

Just By Being You (Halo and Wings)

Steel Magnolia

Lets run away, where nothing stands between me and you
lets find a place, somewhere a little closer to a dream
and call it a home, where there's no right and there's no wrong
and we can be all aloneand i'll take off my halo, if you take off your wings
you dont have to be invincible cause i sure aint no saint
you'll always be my angel no matter what you do
cause you take me to heaven, just by bein you
tell me a secret, tell me things that no one else should know
even in your weakness, baby drop your guard, just let it go
until everything explodes, and you dont have to feel ashamed
baby just say my nameand i'll take off my halo, if you take off your wings
you dont have to be invincible cause i sure aint no saint
you'll always be my angel no matter what you do
cause you take me to heaven, just by bein you
when i see you standin there, you know it all becomes so clear
the way you look, the way you touch
i need the way you lift me up
this will never feel complete until there's nothing in between
and we have broke down every wall
baby baby baby lets just falland i'll take off my halo, yeah and i'll take off my wings
you dont have to be invincible cause i sure aint no saint
you'll always be my angel no matter what you do
cause you take me to heaven, just by bein you
oh you take me to heaven, just by bein you
lets run away
lets run away
