Let Go

Michael Paynter

let goooforgot your name
you're leaving home
running away
tofind where you belong
do you belongin the dark
you're always wrong
you've fallen through
and you're losing everyone
and the moment's goneso why won't you give
why won't you give it upjust let go
let go
you're holding nothing
and you're holding it tight
and now nobody wants
nobody wants ya tonight
yeah
nobody wants ya tonightyou lost the way
to find yourself
i'm always there
but you never want my help
and it gives me hellyou never stall
on your mistakes
you move so fast
like you've cut off all the brakes
and your whole life shakes
ohhhhso why won't you give
why won't you give it upjust let go
let go
you're holding nothing
and you're holding it tight
and now nobody wants
nobody wants ya tonightyeeeeaaaaahhhh
just let godon't say where you are
you're better than that though
you're better than that
some day you'll know you arelet go
let golet go
let gooooo
you're holding nothing

and you're holding it tight
and now nobody wants
nobody wants yato let go
let gooooo
you're holding nothing
and you're holding it tight
and now nobody wants
nobody wants ya
nobody wants
nobody wants ya
nobody wants ya tonight
