

# Catch The Wind

**Chris De Burgh**

In the chilly hours and minutes of uncertainty  
I long to be in the warm halls of your love and mine  
    To feel you all around me  
    To take your hand and walk along the sand  
Oh, but I may as well try and catch the wind  
    When sundown pales the sky  
    I want to hide a while behind your smile  
    And everywhere I look your eyes I find  
For me to love you now would be the sweetest thing  
    It would make me sing  
Yeah, but I may as well try and catch the wind  
    I'm gonna catch that wind  
    Help me catch the wind all for you, babe  
    Just for you, baby  
When rain has hung the leaves with tears  
    I want you near to kill my fear  
    Help me to leave my blues behind  
For standing inside your heart where I want to be  
Oh, I long to be, oh, but I may as well try and catch the wind  
    I'll try and catch the wind  
    I'm gonna try, oh, to catch the wind  
Feel your arms around me, all around me [unverified]
