Nightmare

[Set It Off](#)

They're coming, creeping from the corner
And all I know is that I don't feel safe
I feel the tapping on my shoulder
I turn around in an alarming state
But am I loosing my mind?
I really think so
Not a creature in sight
But what you don't know is thatMy breathing gets faster
And so does my heartbeat
I wish this was over
I wish that this was a dream butI created a monster, a hell within my head
Nowhere to go, I'm out on my own
Oh I'm so scared
I created a monster, a beast inside my brain
Nowhere to go, I'm not on my own
My mind impaired to wake me from my nightmareWait, something doesn't feel right (feel right)
No, something seems wrong (wrong)
And I've been feeling this way (oh that's too bad), for far too long
As my vision gets blurred, my skin's getting colder
Appearing young, while I'm growing older
I collapse to the floor and scream:
"Can anybody save me from myself?"I created a monster, a hell within my head
Nowhere to go, I'm out on my own
Oh I'm so scared (oh, oh I'm so scared)
I created a monster, a beast inside my brain
Nowhere to go, I'm not on my own
My mind impaired to wake me from my nightmareWalk into the latch, I find myself looking down
Frozen still with fear, now I'm plunging to the ground
If only I knew how to fly, then I could convince myself
This isn't my time to die
Instead I'm rocketing faster, and faster
I dive, fall to the floor
And when my body crashes to the pavement
I'm right back where I was beforeI created a monster, a hell within my head
Nowhere to go, I'm out on my own
Oh I'm so scaredI created a monster, a hell within my head
Nowhere to go, I'm out on my own
Oh I'm so scared, no, no
I created a monster, a beast inside my brain

Nowhere to go, I'm not on my own
My mind impaired to wake me from my nightmare(I'm so scared) Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
(I'm so scared) Awake me from my nightmare
(I'm so scared!) Awake me from my nightmare
