Run to the Light

Trouble

Cross over, children, to the other side
Lost little children, run to the light
Look at all the lonely people all I see is despair
And you're lost in confusion, run to the lightWhy do you love the darkness
How can you see where you are going
Look at all the lonely people all I see is despair
And they're lost in confusionMy soul is troubled, I'm afraid of the darkness
Afraid of myself and sometimes
I don't know where I'm going
But when I die, I know I will find my wayIn the light, is our salvation pain is just a memory
In the light, you will find the truth, all the answers
For those who want to know we all know what it's like
Feeling like you can't go on, I can't go onAnd sometimes, I don't know where I'm going
But when I die, I know I will find my way
In the light, is our salvation pain is just a memory
In the light, you will find the truth
All the answers, for those who want to know, I wanna knowCross over, children, to the other side
Lost little children, run to the light
Look at all the lonely people all I see is despair
And we're lost in confusion all are welcome
On the other side, run to the light
