

# Lazer Love (feat. Francisca Hall)

## KSHMR & Vaski

Tell them what you tell me  
Tell me baby do I...  
Go back in far in your head?  
Go back in far in your head?'want want want what you got got got  
It's written in the stars going-to' make you my destiny  
'hot hot hot in the dark dark dark  
Oh yeah, yeahI wanna make you say oh ah  
Baby won't you come in closer  
Take me in your spaceship  
But I only wanna feel the good stuff  
Hit me with your lazer love, love  
Watching all the stars just go up  
When I touch you see I see dark dust  
Shoot me in the heart I'm so done  
Hit me with your lazer  
Lazer love  
Hit me with your lazer loveGive me your best shot  
Hit me hit me  
We don't have to dodge just give me give me  
Give me what I want do it do it now  
Ain't nobody looking out  
Hit me with your lazer loveAh, Baby won't you come in closer  
Take me in your spaceship  
But I only wanna feel the good stuff  
Hit me with your lazer love, love, love, love, love  
(back in far, back in far, back in far)  
Ah,love, love, love, love, love('want want want what you got got got  
It's written in the stars going-to' make you my destiny  
'hot hot hot in the dark dark dark  
Oh yeah, yeah)'want want want what you got got got  
It's written in the stars going-to' make you my destiny  
'hot hot hot in the dark dark dark  
Oh yeah, yeahI wanna make you say oh ah  
Baby won't you come in closer  
Take me in your spaceship  
But I only wanna feel the good stuff  
Hit me with your lazer love, love  
Watching all the stars just go up  
When I touch you see I see dark dust

Shoot me in the heart I'm so done
